

Riesling Terrassen 2019

Wine Description

Riesling is also called the king of the white wines. It is a very typical grape variety in Kamptal and needs spares and stony soil. Only on this soil it develops its typical character. The harvest is rather little; therefore the quality is especially good. For our Riesling Terrassen we use only Riesling grapes (100%). They grow on different sites around Mollands with different soils but mainly spare stone soil (amphibolit and mica schist). The grapes are at least 25 years old. After harvest by hand it was fermented spontaneously in steel tanks. (Demeter)
