

Gemischter Satz Vielfalt N.V.

Wine Description

The Gemischer Satz is not a Cuvée; it means that different vine varieties grow together in one vineyard. At the harvest the grapes were harvested together, pressed together and fermented together. 50 years ago this was the typical form of winegrowing before winegrowers started to make single-variety wines. This Gemischer Satz includes typical varieties of our region from 50 year old vines. The vineyard is situated in the very north of our region on a clay soil with very stony underground (mica schist, Quartz) at almost 400m above sea level, which means a strong and cold climate. (Cool nights, rough winds) This brings fruitiness and mineral taste in the wine. For Gemischer Satz Vielfalt we take the second pressing form Gemischer Satz grapes- which means more tannins - and fill it in a big oak barrel where ferments spontaneously and matures on the yeasts for more than 1 year before it gets bottled without filtration and only a little addition of sulphur. The result is a complex, fullbodied wine with spiciness, nice acidity, soft tannins and mineral taste. It fits very well to spicy asian food.

Wine Type: still wine | white | dry

Alcohol: 11.5 %

Residual Sugar: 1.8 g/l

Acid: 5.7 g/l

Total Sulfur: 28 mg

Certificates: organic, Demeter

Allergens: sulfites

Drinking Temperature: 12 - 14 °C

Vineyard

Origin: Austria, Kamptal, Mollands

Site: Hiesberg

Varietal: Gemischer Satz 100 %

Geographical Orientation: south west

Sea Level: 400 m

Soil: loam

mica schist
