

Pet Nat - Grüner Veltliner 2020

Wine Description

Pet Nat is a short form for Pétillants naturels, which means naturally sparkling. For this product, we bottle the fermenting juice and leave it with the yeasts and the natural sugar in the bottle so that the fermentation continues in the bottle and produces natural carbon dioxide. It is a very natural way to produce sparkling wine - without any additives. The grapes for our Pet Nat Grüner Veltliner grow on a stony soil (Gneis, mica Schist) at about 320-350m above sea level. Important for Pet Nat is the time of bottling. You need still some sugar and enough working yeasts so that the fermentation can continue in the bottle. Too much sugar can also stop fermentation so you need a good intuition. Our Pet Nat Grüner Veltliner is a fruity, spicy, mineral Pet Nat with a fine perlage. Hence, it is a good aperitif and a perfect party drink.

Wine Type: semi-sparkling wine | white | dry

Alcohol: 11 %

Residual Sugar: 1.4 g/l

Acid: 7.7 g/l

Certificates: organic, Demeter

Allergens: sulfites

Drinking Temperature: 6 - 8 °C

Vineyard

Origin: Austria, Kamptal, Mollands

Quality grade: Perlwein aus Österreich

Site: Seeberg, Schöntal

Soil: loam

loess

Harvest and Maturing

Harvest: handpicked

Fermentation: spontaneous

Malolactic Fermentation: yes
