In 1973 a romantic fresco cycle from the 13th century was uncovered in the castle of Rodengo, near Brixen. These frescos tell the first part of the French-Celtic saga of Hartmann von Aue about the knight "Iwein" or "Ywain". It is the eponym for our Merlot, also for its obvious similarity to the name wine.

Food Pairing

Goes very well with game dishes, piquant cheese, strong pasta and creamy risotti.

Vintage 2022

Great reds and astonishing whites - A hot summer yields a "gigantic red wine vintage" and extraordinary whites. The wine experts of Alto Adige agree: 2022 will be a great vintage for full-bodied red wines in particular, which benefited from the exceptionally high temperatures last summer. But white wines, too, are doing surprisingly well in all areas of cultivation, turning out unusually powerful but still fresh and fruity. (Cons. Alto Adige Wine)
